7. Now I'm going to read you a couple of statements. Please tell me which one comes closest to your point of view.

Statement A: In a time of war when we have a Republican president, it is much better to have a majority of Republicans in the House and Senate as well to provide the president with the kind of support and unity needed on both the domestic and international fronts. OR

Statement B: When issues like prescription drugs and the environment are being debated and we have a Republican President, it is much better to have a majority of Democrats in the House and Senate to provide checks and balances when it comes to these domestic issues.
